**FVL Schools Community Parent’s Night “Sex Ed – Taking On Taboos”:** Presenter Pastor Ski from the CORE (Appleton) – Thursday, September 30 at 7:00 P.M. in the FVL Auditorium: Talking openly about sex to their middle school or high school age children is something many parents dread. But today—more than ever—that conversation needs to take place and Christian parents are looking for the right things to say and the right way to say it. Pastor Ski (Pastor James Skorzewski) will help parents and students break the sound barrier and look at the topic through the lens of God’s Word. This presentation is designed for parents and students from Grades 6 and up to attend TOGETHER. Younger parents are welcome to attend, but please leave younger children at home for this sensitive topic. Audience questions are encouraged – please bring your cell phone to text or ask questions! (Paper provided for non-cell phone users!). Invite your neighbors and friends with children the age of your children—How great would it be to have EVERYONE talking about this important topic from a Biblical perspective. Tickets are available from Mr. Kasten or the FVL School office. Thanks to Thrivent Financial for Lutherans, Christian Family Counseling, and WEMI – Christian Family Radio for their help in making this event possible.

**Chapel Mission Offerings totaled \$30.19.**

## CLASSROOM NEWS

### 7 & 8—Mr. Kasten

It's hard to believe that we have completed seven days of school at this time. I would like to thank the students for their efforts thus far, although they are encouraged to review and proofread their assignments carefully.

**Catechism – Grade 8:** Memory work for 8<sup>th</sup> Grade Catechism begins shortly. It is important for the students to complete their memory assignments on schedule or face receiving detentions.

**Math Mondays:** Math Mondays began this past Monday, August 30<sup>th</sup>, from 3:30-4:30 P.M. Attendance is optional and students do not have to come each week. The hour is intended to assist any student with any type of questions related to math that they may have. All families have received a schedule of the dates when Math Mondays will be held. A copy is also posted outside the classroom.

**Book Orders:** Book orders are due by September 7<sup>th</sup>. Orders may be paid for in cash or by check or you may order online. The online address is provided on the attachment to the book orders. A single check payable to Scholastic Book Clubs covers all flyers.

### 5 & 6—Mr. Jammer

We will be studying the Ten Commandments in our catechism classes this fall. In Christ-Light this year we are discussing the New Testament. Please return the craft envelope by next Friday. Looking ahead, we will be taking an all day field trip (Geology of Northeast Wisconsin) on Monday, Oct. 25. Detailed information will be sent out at a later date.

### 3 & 4—Mrs. Plitzuweit

We are starting off the year well! We are getting into a routine but still need some reminding to have homework done on time. Please check your student(s) assignment notebook each day. We will be singing in church, as a class, at St. Paul's on Sunday, September 26. Please continue to work on memory work and math facts at home as daily practice. Have a blessed weekend!

### 2—Mrs. Bakeberg

Everyone is getting into the routine quite well by now. Thank you to those who were able to bring pets for our science lesson; we had two cats, a fish, and a bird to make class more interesting. Remember that pictures are on Tuesday, and book orders are due on Friday if you choose to order. Memory work has been going great! Thanks for your help at home. Have a great (and safe) Labor Day weekend with your family.

### 1—Mrs. Sauer

We're getting the hang of things. Even with the short weeks and the switching of classrooms, the first graders are doing OK. The memory work has been a little shaky, so make sure you spend time on that each night. Please keep the red Memory Treasures book at home. I have copies in the classroom if it's ever needed. Don't forget about picture day on the 7<sup>th</sup>. Enjoy your long holiday weekend.

### Kindergarten—Mrs. Jammer

We've had another fun week in school. Math concepts covered were color patterns, numbers 4,5,6, writing 1, and top/middle/bottom. We've been training our ears to listen for beginning sounds of words, especially if they begin with /k/. Our science unit is on color. If you have any white styrofoam egg cartons please send them Tuesday. That is also school picture day. Please send a wire hanger (I have some extras) anytime next week also. God bless your long weekend!

### 4YK—Mrs. Zabell

In Christ Light this week we reviewed the days of creation and learned how God created Adam and Eve. Our theme this week was "All About Me, Family, and Friends". It was fun sharing our posters and getting to know one another better. Neat to see how God made each one of us different and yet how many things we have in common! Look for information about our upcoming field trip to Apple Valley Orchard on Tuesday, September 14<sup>th</sup>. We will be needing 2-3 drivers. Also, don't forget that book orders need to be returned by next week Wednesday, September 7<sup>th</sup>, if you wish to order from Scholastic. Finally, we all wish God's blessings to Alysia, as she moves to Kentucky and welcome to Tyrone, who will join our class on Tuesday! Enjoy your holiday weekend!

### From the Scrip corner

McDonald's has elected not to participate in any scrip program. We have some McDonald's scrip in the office. All remaining scrip will be honored.

### Notes from the kitchen

Have you volunteered for kitchen duty over your lunch hour? Serving lunch is a great way to see what your children are up to during the day! Your time is greatly appreciated. Please sign up on the bulletin board outside the office. Help is needed from 11:15 —1:00.
